

Weeks 5 and 6

Goals:

- Make changes to Bibliography if needed.
- Make changes to thesis outline if needed.
- Continue drafting content for third installment and progress report submissions.
- Schedule project meetings with Dr. James Caverlee (faculty advisor) and Yin Zhang (graduate student advisor) weekly to discuss research progress, Student Research Week in March, written thesis content, installments, and progress reports.
- Continue creating presentation information to present at Student Research Week in March.
- Practice presenting in front of Infolab and note the suggestions that they give and take advice into account.
